Recommended Procedures and Guidelines for permit applications:

(Regions may alter the timing for applications for activities within their Region, to suit their circumstances)

For all camps and hikes:

1. For all events outside the home District but within the Region, the application must be given to your DC 14 days before the intended date of departure.
2. For events outside the Region: This application must be given to your DC, for submission to Regional Commissioner, 21 days before the intended date of departure.
3. For an event outside South Africa: This application must be given to your DC for submission to Regional Commissioner and then to National HQ 100 days before the intended date of departure. Approval from the international committee must be obtained before final planning takes place.
4. For hikes or camps in the KwaZulu-Natal Drakensberg mountain range / Western Cape Mountains the appropriate special permit application is required in addition to this permit. Both permits must be submitted to Regional Commissioner 30 days before the event.
5. If the Scouter in charge needs to cancel or leave the camp or hike the Scouter is required to inform his/her Scout Group Leader.

Responsibility for notification:

6. It is the responsibility of the Scouter in charge to notify the Scout Group Leader, the DC to notify the host DC and Regional Commissioner to notify the other Region or the National Office as applicable. Proof that notification has been received must be obtained.

Water activities:

7. All water activities require the person in charge to hold the relevant Charge Certificate.
8. The relevant Regional supplementary application form for a Water Activity must also be completed
9. All time frames for submission of applications are doubled for water activities and the approval of the Regional Support Team Member Water Activities must be obtained before submission to the DC or RTC Cub Program as appropriate.

REPORT

I, _____, am satisfied with the manner in which the activity covered by this permit was conducted, and the state in which the grounds have been left.
